

Medical Ethics and Conduct

SMC has jurisdiction over the professional conduct and ethics of registered medical practitioners to protect the public and uphold the standing of the profession. It published the 2016 edition of the SMC Ethical Code and Ethical Guidelines (ECEG) which forms the basic ethical and professional standards expected of doctors practising in Singapore. Its Guidelines on Aesthetic Practices for Doctors advises on the appropriate standards for aesthetic practices. For more information on SMC's ethical code and guidelines, please click [here](#).
